## No Hasty Marriages In Salvation Army.

No love at first sight goes in the Salvation Army. Neither do flirtations. If you happen to be engaged to a girl and break the engagement, then you lose your job with the army.

A great many people think the Salvation Army has no jobs that they would want, but as a matter of fact the army has positions which are filled by officers and which pay large salaries. The plan of regulation is similar to the plan of service used in the United States army, and officers are paid according to their rank. The money with which to pay those in authority is not gathered within the ranks of the army, but by donations from public-spirited people.

All officers of the army are responsible to their superiors for everything they do, even to their private affairs. If an officer wants to marry a young woman he must first get the consent of the higher authorities, who require him to be engaged to the girl at least one year after he has notified them of his intentions. If he breaks his engagement he loses his position and no more permission to become engaged is ever given him.

When a man stands examination to become an officer or to be advanced in office, he is asked three very personal questions which he must answer truthfully: "Are you married?" "Are you engaged?" "Are you courting?" If he is an officer he must promise that his wife will become an officer, if appointed, and serve without compensation save that which her husband earns. If he is engaged he must give evidence that his intended is a faithful member of the army; if she is not, then his application is thrown out. If he is courting then he must send his fiancée to a training school to prepare for salvation work. This consumes months, and after that both must promise not to wed until the expiration of one year.

The most remarkable thing about their marriage ceremony is that not a single divorce has been granted any of the thousands in their ranks, where the marriage ceremony was performed according to the order of their ritual. There is nothing peculiar about their form of ceremony except that they promise to place the work of the army above the affection they bear to each other. When a divorced man or woman comes into the army he or she must promise not to marry until the other party to the divorce is dead.

Carmie Hubble has gone to Monon Valley, Kas., having found a location. His wife left Friday. James Sutton and family, of Markshury, were guests of J. W. Anderson Sunday. Mesdames Lee and John Rankin are visiting relatives at Somerset. Mrs. Tom Rankin left Saturday for a visit to her mother in Pulaski county. Mrs. J. A. Hammond and daughter are visiting relatives in Casey and Russell counties.

To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,

JAMES E. CANTRELL.

Reporter—Have you ever held any public office?

Citizen (being interviewed)—Well, I was a pallbearer at a funeral once.—Somerville (Mass.) Journal.

## MATRIMONIAL.

Tom Sharkey, the pugilist, was married to New York to a trained nurse, who attended him during a recent illness.

Miss Lena Griffin, well known here, was married at Grafton, W. Va., last week to Mr. Claude McFee, of Halleck, that State. Miss Griffin had been teaching at Grafton.

Miss Jennie Wallace, daughter of O. T. Wallace, of Garrard, was married to Dr. Calvin Greer Todd, of Nelson, S. C., the nuptials being consummated at the pretty country home of the bride's parents. Miss Virginia Thompson, of Versailles, served as maid of honor, and Ed Walker as attendant.

Prof. Charles W. Bell and Miss Myrtle Hixson, both of Harrodsburg, were married by Dr. E. L. Powell at his residence, in Louisville. Prof. Bell is one of the most successful educators in Kentucky. He has been principal of the Harrodsburg Graded School for 15 years, and is also a lawyer of ability and successful business man.

The marriage of Miss Willis Cecil Nield and Sherley Everton Johnson was very quietly solemnized at "The Grays," the home of Mr. and Mrs. Charles Nield, the bride's parents, at Wilton. It was to have been a large home wedding in Louisville, but on account of the serious illness of the bride's brother, Charles, the invitations were withdrawn.—Courier Journal.

The following is copied from a Mayville paper. The prospective bride is well known here, having frequently visited her relative, Mrs. W. A. Tribble: "Rev. and Mrs. W. W. Hall announce the engagement of their daughter, Mary Orear, to Mr. Daniel Hampden Hreck. The wedding will be solemnized some time in June. Mr. Hreck resides at Richmond, and is a prominent member of the Madison county bar. Miss Hall is an accomplished young lady whose many Christian graces command for her the love and admiration of her large circle of friends."

Miss Lillian Carpenter, the pretty, popular and petite daughter of Mr. and Mrs. John Steele Carpenter, of the West End of this county, was married in Louisville Monday to Mr. Thomas B. Gaile, a prominent young businessman of Tampa, Fla. The happy couple remained in Louisville until yesterday and then went to St. Louis to spend several weeks at the World's Fair. They will arrive in Tampa about the 25th and will go at once to housekeeping in a beautiful home which Mr. Gaile has made ready for his charming bride. Mrs. Gaile is a niece of Mrs. Col. T. P. Hill, of this place, and has frequently visited her. She is well known by our young people and is exceedingly popular with them. The INTERIOR JOURNAL joins the hosts of friends of Mr. and Mrs. Gaile in wishing them all the happiness that can come to a well and happily mated pair.

A beautiful home wedding was that at Mr. Richard Bibb's Wednesday when his youngest daughter, Miss Mary Guerrant Bibb, was united in marriage to Mr. Ben C. Ransom, of Nashville. Rev. W. K. Simpson, of Fayette, Ala., performed the ceremony and there were no attendants. Miss Nancy Ware played the wedding march and during the ceremony. The house was beautifully decorated with ferns, daisies and carnations and the couple stood under a huge bell of flowers when they took the solemn vows that made them husband and wife. The bride, who is one of Lincoln county's most charming young women, wore a traveling dress of champagne pongee. She was an exceedingly pretty bride. Mr. Ransom is connected with the L. & N. in Nashville and is a fine business man. We congratulate him on the treasure he has won. The bridal couple took the train here for Nashville.

Major Smith, of Bedford, Ind., has made public a letter received by him signed by John Brown, mailed at Lawrenceburg, Ill., in which the writer says he was one of two men responsible for the murder of Sarah Schaefer. He says they aimed to kidnap her, but she fought so hard they killed her.

In a general row at Joppa church, near Brownsville, John C. Smith, aged 50, was struck with an ax by James Gentry, aged 17. Smith's skull was crushed to the length of five inches. The Gentry and Smith boys were engaged in a fight when John C. Smith appeared as peacemaker. Smith died and the sheriff and a posse are hunting for Gentry.

Twelve men were killed and seven others were injured by the explosion of an internal machine under the railroad station platform at Independence, Col.

The killed and injured, with the exception of two men, were nonunion miners, who were members of a party of 25 awaiting a train to take them home. A riot broke out at Victor while a mass meeting was being held to discuss the tragedy at Independence. One man was killed and six others were wounded. Later a company of soldiers was fired on from Union Hall. The soldiers entered the building and shot union men. The miners surrendered after their supply of ammunition was exhausted.

## KINGSVILLE.

Your correspondent will return to Lexington to day.

The Macabbee supper promises to be quite an event. It is to be given Saturday evening, June 11.

An effort is being made by the members of the Presbyterian church here to have a regular preacher to preach one Sunday in every month.

J. C. Reynolds, of Stanford, was the guest of relatives here. W. L. McCarty went to Jellico Monday. Mr. Hodges has returned from Lexington.

Mrs. Anna McKee and little Miss Lydia McKee, will go to Cynthiana to visit relatives. Miss Mollie Walter has been the guest of her brothers here. Miss Lulu Thompson, of Woodstock, is the guest of Mrs. Dr. C. M. Thompson. John Howe went to Somerton Saturday evening to see a pretty girl. Manfred Chevallette, of the C. S., spent a few days at his home here.

The body of Waco Water, who was killed by the train on which he was fireman, was brought here from Ludlow on No. 3 this morning and will be buried this afternoon at the family burying ground. Claude M. Pennybaker, of Somerset, and Mack Williams, of Oakdale, Tenn., came to attend the funeral of Waco Water. A great deal of sympathy is felt for the bereaved mother, sister and brothers.

## Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine.

Only 50c. It's guaranteed by Penny, Druggist. Two pitched battles between union miners and soldiers were fought in the Cripple Creek mining region. At Durango one miner was killed and 14 prisoners were taken. In a fight near Victor seven miners were captured.

The death of a bride at La Crosse, Wis., was caused by a charivari and serenade by enthusiastic friends.

The above is a good likeness of J. E. Marcell, who for the past 21 years has served as judge of the Stanford police court, and on account of ill health has been forced to resign. He is one of our oldest citizens and has made Stanford a good judge.

The city council at its last meeting had the following spread on its record book:

"In accepting the resignation of W. R. Carson as judge of the Stanford police court the council desires to express its regret that the condition of his health is such as to require this step on his part, and to tender to him its sincere thanks for the faithful manner in which he has performed the duties of his office and to assure him of its appreciation of him as an officer and a citizen."

The judge will spend the summer in Fayette with his daughter, Mrs. S. P. Stage.

## LANCASTER.

As the time draws near interest in the Tournament increases. All the events have been filled and closed and only a few details remain to be completed to have everything in readiness for the occasion. Six crack base ball teams have entered: Richmond, Harrodsburg, Mt. Sterling, Williamsburg, Lancaster and Lexington.

Mrs. Robert McRoberts and daughter, Miss Little, have returned from a visit to St. Louis. Misses Cotton have returned to their home in Danville after a visit to Miss Lena Riggs. Waller Hudson and Louis Gill have returned from Central University. Mr. Hudson will leave June 17 for St. Louis, where he has accepted a position on the fair grounds. Willie Fox Logan is at home from State College.

## Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be moved entirely. Bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturing and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also relieves the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by W. N. Craig.

"In George Washington's place," said the kindly old gentleman, "would you have confessed to cutting down the ebony tree?"

"That would depend," replied the modern youth, "on whether I was caught with the hatchet in my possession, as George seems to have been caught. According to some of the pictures of the incident, I don't see how he had any chance of denying it."—Chicago Post.

Girl with the Gibson Girl Neck—So you are engaged to Jack! You told me once that if he ever asked you to marry him your answer would be a word of two letters.

Girl with the Julia Marlowe Dimple (exhibiting a becoming blush)—I answered him in German.

A writ of habeas corpus for the release of Mrs. Nan Patterson, who was held in connection with the killing of Bookmaker Caesar Young, was denied in New York.

## Some "Hoss Sense."

Reasons why a tin roof, not a sheet iron, is the best roof made:  
1st. It will last three times as long as the best shingle and will cost very little more.  
2nd. It will conduct lightning as good as any lightning rod, if the gutter is connected to a tile, with down spout.  
3rd. There is 50 per cent. less danger of fire and it will reduce the insurance enough to pay the difference between it and a cheap roof.

See S. H. Aldridge, the tinner and plumber, that does the work. Phone No. 116.

Of Lincoln county, is a candidate for the nomination for State Senator in this district, subject to the action of the democratic party.

BON. HARVEY HELM, the next Congressman from this district, spent a portion of yesterday here. In answer to our query, "how are you getting on in your race?" he was answered: "I could not wish matters in better shape. I am absolutely certain of carrying Rockcastle, Madison and Garrard. I have a show to carry Boyle and have lots of friends in Jessamine who claim that county for me." Mr. Helm is letting no grass grow under his feet and if he does not win his race it cannot be charged to his failure to present his cause to the voters. He makes a good impression wherever he goes, the boys in the trenches are for him because they know of his good work for his party and the people generally are for him because they believe in rotation in office and in giving the young man a show. Mr. Gilbert has had three terms—abundant time to get much honor and no little emolument out of the office; Mr. Moore doesn't need the office, nor does the office need him; Mr. Helm has the ability, the energy and the fitness and is in every way deserving of the honor. He is the man to nominate and if the democrats of this district use the good judgment they should, and which we believe they will, he will be nominated on the first ballot.

GOV. BECKHAM and his friends won an overwhelming victory at the State convention in Louisville. They organized eight of the 11 district conventions and are in absolute control of the party organization. Gov. Beckham was elected chairman of the convention over Judge Frank Peak by a vote of 817 to 322. Judge Peak having been selected by the anti-administration leaders after the withdrawal of Ben Johnson. Judge Lewis McQuown was made chairman of the State Central and Executive Committee. Gov. Beckham, Senators Blackburn and McCrary and Congressman Ollie James were chosen delegates from the State at large. The committee on resolutions voted down a

motion to report a resolution instructing for Parker. Mr. Bryan is mentioned in the preamble to the resolutions to satisfy a majority of the committee, who threatened otherwise to prevent a minority report favoring the Kansas City platform. The delegation to the national convention is required to vote as a unit, but goes unstructured.

HUSTONVILLE.

Cowan & McCormack shipped four cars containing about 1,000 first-class lambs East this week.

The condition of Miss Fannie Powell is still serious, although she is taking small quantities of liquid food. Mrs. W. B. Wright is convalescing and her friends and relatives are much encouraged by her improved condition. C. T. Bobon has returned from a two weeks' tour in Mississippi prospecting. He has bought a large stable at Canton, Miss., and will stock it in time for the fall and winter trade. He reports Yazoo City completely in ashes, but preparing to rebuild.

F. M. Sims, proprietor of "Olympian Springs," near Mt. Salem, informs us that crowds come daily from this and adjoining counties to partake of the life giving waters of his springs. Within the next week he will have as many as 10 rooms ready for rent and will add to this number during the season. The State geologist shows an exceedingly fine combination of minerals in the waters of these springs and we bespeak for them a successful season.

We have an enterprising and progressive people, generous to a fault. Our business men are gentlemen of years of experience and success has attended their efforts, and when calamity strikes abroad and sweeps away with unerring certainty the savings of years of patient toil, they rise phoenixlike, and brushing aside the impeding debris, begin the work of rebuilding, and in such a substantial manner as to command the admiration of the world.

I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by W. N. Craig.

One of the most interesting innovations ever established for the purpose of checking the spread of contagious diseases is that just put in vogue by Dr. Van Arsdall, the health officer of Jessamine county. An official investigation disclosed the fact that five or six small-pox cases existed at High Bridge and the doctor required the patients to embark upon a house boat, which moves up and down the river and which has been comfortably apportioned and furnished for the reception of patients. By this method all the patients are kept isolated from the rest of the community.

Also a 50 barrel mill in Mercer county, Ky., on Salt River. Steam power, new, up-to-date in every particular, and good dwelling with improvements and 20 acres of fine land, close to Southern railroad. Price \$9,000.

No. 56-100 acres of land near Junction City, several miles, 20 acres of fine, rich, rocky land, 20 acres of orchard and one of vineyard, barns in Kentucky. Party sold 2,500 pounds of grapes last year. Well watered and fencing good. Close to school and church. A two-story, six room frame dwelling, good barn, crib, etc., all in good repair. Price \$1,500.

225 acres in Allen county, Ky., on railroad and pike, 50 acres cultivated, about 150 in grass. Timber and stone, and about 150 in grass. Timber on pike is cut to 18 inches, but will make barrel timber, shingles, ties and cord wood enough to pay for the place twice over. A large part is feeded. There are four dwellings of 4 rooms each and one store of two stories with rooms above, barn wells and springs of water. Is in 2 miles of county seat and grows tobacco, corn, wheat, grass, etc., for \$2,200. One-half cash.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investments as the Mississippi Delta, which is well described as "the most valuable land in the world." The Delta is the most valuable all the time for the reason that the lumber from the North (where the supply of timber is fast decreasing) is constantly increasing their purchases of fine lands in the South. When the timber is removed there is no land available for all the present purposes. It will produce a bale of cotton to the acre and will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the land is well suited for the kind of agriculture which is practiced there, who buys delta land and timber land at present prices is making an investment which will never regret.

This land is divided into tracts ranging from 40 acres to the tract to 10,000 acres to the tract and price from \$8 per acre to \$100 per acre, according to location, etc. We are authorized by the company who owns these lands to purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price, when notice is given. However, when notified, we will hold any tract until sold, and will keep it long enough for the purchaser to make an investigation. About 10,000 acres of this land has been sold by the company since we received this option. For further particulars call at our office.

Flour and Grist Mill, Anderson county, Ky., 35 barrel capacity, covered with iron, built 8 years ago. Steam and water power, the latter 8 months of the year. It is an up-to-date well built, with barns for corn and grain, etc. The engine is 10 years old; 14 acres with the mill including what is with the house of 3 rooms. All for \$6,250, or \$5,000 for the mill and 14 acres. One-half cash, plus fine trade. No mill in 10 miles.
